# EXPORT MANAGER FOR SQUIRREL POS

## AVAILABLE FOR ALL VERSIONS OF SQUIRREL

**Export Manager is a user-friendly tool that works in conjunction with POS data allowing for the export of payroll, product mix, and G/L information.**

⇒ Easily updates all employee data from the POS therefore avoiding the hassle of manually updating.

⇒ Map all of your G/L accounts to your POS data just once

⇒ If you use "bar cards" or "To Go" cards, Export Manager can be set to ignore the punches for these cards so they are not included in payroll.
